D*D*D*

Experience

June 2021 – current, At FSE I work on designer and maintaining any documents or web pages that need creative input. I work on numerous projects from redesigning the website, working on streamline the FSE Style Guide, Creating graphics and logos for numerous Pitch Decks and other companies.

2019-2020, I worked as project leaders on multiple university projects to help manage workflows, team communication, meetings, and design decisions.

2018- 2020, I worked as a Somerset Council Buddy Support Worker supporting with 8-18-year-olds within the social care system, we work to develop independence in children with disabilities, supporting their development and writing reports on their individual progress for their careers and school.

2014, I held a work experience placement at North Somerset Council in the IT department for a week and I undertook various duties in the department.
